

TGP Micro 6-0-0

Non-staining micronutrients with high iron

Micro 6-0-0 is a nutritional product intended for root uptake. EDTA chelated micronutrients ensure plant utilization and avoid soil “tie-up” and subsequent nutrient loss.

OUTSTANDING COLOR | STRENGTHENS PLANT | ENRICHES SOIL

GUARANTEED NUTRITIONAL ANALYSIS

Total nitrogen (N).....	6.0%
Ammoniacal Nitrogen.....	1.5%
Urea Nitrogen.....	4.5%
Iron (Fe).....	10.0%
Magnesium (Mg).....	1.0%
Manganese (Mn).....	2.0%
Zinc (Zn).....	0.5%
Sulfur (S).....	8.0%

Derived from: Urea, Ammonium sulfate, Iron EDTA, Iron EDDHA, Ferrous citrate, Ferric ammonium sulfate, Manganese Citrate, Zinc Citrate, Magnesium Citrate.

Dual Micronutrient Complexing Technology

Application Rate:

1.1-3.3 dry oz. / 1,000 sq. ft.

Tree drench or injection: 1.1-3.3 dry oz. / gal. of drench solution, at root flair use 5 gal minimum • Packed in 3 lb bags • 10 bags per case
