# The Works

**The Works** is a full service spray adjuvant. Designed as a spray solution acidifier, pesticide/fertilizer penetrant and drift control agent, **The Works**, 3 in 1 mode of action, provides superior results. Lecithin a key component delivers consistent safe pesticide penetration while reducing the effects of drift. Use **The Works** when applying pesticides sensitive to high pH, water with high alkalinity and reducing spray drift to nearby plants. Safe in aquatic environments.

## PRINCIPLE FUNCTIONING AGENTS:

Methylacetic acid, alcohol ethoxylate and lecithin..... 80%  
 Constituents Ineffective As a Spray Adjuvant..... 20%  
 TOTAL..... 100%
